☒

ORDER NO.

2010-672**SUBJECT:**

DOCKET NO. 2010-3-E - Annual Review of Base Rates for Fuel Costs of Duke Energy Carolinas, LLC - Discuss this Matter with the Commission.

COMMISSION ACTION:

Move that the Commission find that the fuel purchasing practices of Duke Energy Carolinas, LLC are prudent. Also, I move that Duke set its fuel factor (excluding environmental costs) at 2.0625 cents per kWh for all customer classes to be effective for bills rendered on and after the first billing cycle of October 2010 and continuing through the billing month of September 2011. For the environmental cost component, allowed by the Base Load Review Act, I move that this factor be set at 0.0445 cents per kWh for the Residential customer class, 0.0327 cents per kWh for the General Service/Lighting customer class, and 0.0253 cents per kWh for the Industrial customer class. Last, I move that the Commission adopt the Settlement Agreement submitted by the parties as being in the public interest.
